---

This compilation presents a sample of the ongoing scholarly activities of Fellows, External Fellows, and members of Senior College, which is comprised mainly of retired faculty and librarians at the University of Toronto. This year, for the first time, leadership contributions to the administration and program activities of Senior College are recognized.

Information was collected and assembled by the Senior College Centre under the guidance of Professor Daniel W. Lang. Contributors are listed in alphabetical order by surname. Items mostly date from January 1 to December 31, 2022, although a few items from early 2023 are included. The variety of citation styles reflects standard practice for each discipline.

This document will remain available on the website of the Senior College. ([www.seniorcollege.utoronto.ca](http://www.seniorcollege.utoronto.ca))
